

Axil Lithium Generators

Portable Power Stations

All-in-one Portable Inverter & Battery Backup Systems

CUSTOM-BUILT TO YOUR SPECIFICATIONS

- 5.5kW to 10.5kW Single Phase Inverters
- 12kW to 50kW 3 Phase Inverters
- 5kWh to 200kWh Battery Options
- 1kW to 50kW Solar PV Options

Features

- ✓ Secure, Compact and Scalable
- ✓ Fast & Easy Deployment
- ✓ High Capacity Storage
- ✓ Multiple Output Ports
- ✓ Versatile Recharging Options (AC, Solar)
- ✓ Integrated Battery Management System (BMS)
- ✓ Solar PV Ready Options

Our Portable Lithium Generators provide clean, dependable power in a compact, mobile design.

Using advanced LiFePO4 or lithium-ion technology, they deliver high energy density, long life cycles, and reliable performance.

Each unit features high-capacity storage, multiple output ports, rapid recharging options, a smart built-in BMS, and a pure sine wave inverter for safe, stable power.

Compact, lockable, and fitted with wheels for easy transport, the system also allows for simple battery expansion or replacement - offering a flexible, future-ready power solution.
